President's Message

Greetings!

I hope this letter finds you well! We are planning on another great program year due to the support you and all our AGA Committee leaders continue to give. We have been able to provide quality training, scholarship opportunities, and promote Governmental Accountants all while giving back to local charities.

This July the annual AGA Professional Development Training (PDT) conference was held in Orlando, FL. It was a great time to attend breakout sessions as well as network with other fellow AGA members from across the nation. During the PDT our own Nicole Boswell was presented an award for Volunteer of the Year, way to go Nicole! Also, Leigh Dailey was presented the AGA National Chapter Platinum Award, for the 2022-2023 Chapter year. This would not have been possible without all the volunteers that make our chapter run!

One of the greatest benefits of the Montgomery AGA chapter is the opportunity to network and build meaningful relationships with our peers. We are planning two great conferences to be held this Fall and Spring. These conferences provide a chance for members to be exposed to current topics, to network, and to grow their personal brand.

Thank you for your continued support of the Montgomery AGA Chapter!

Sincerely,

Harvey Farior
Chapter President, 2023-2024
